Hello,

This is in follow up to the questions asked by the committee this morning.

Head Start serves approximately 2800 children with 14 grantees (includes tribal Head Start programs)

Early Head Start serves approximately 550 children with 8 grantees (includes tribal EHS programs)

\*Numbers are approximate because programs are still in the process of determining cuts required by sequestration.

Capacity of child care by program type:

Centers-9328

Preschools-1420

Groups in homes-11155

Groups in facilities-1390

Family child care-2261

School-age-6060

Multiple programs-5140

Self-declared-1990

\*Note: These numbers reflect license capacity, not actual enrollment. We do know that many centers, school-age programs, groups and multiple programs are not operating at full capacity because of the inability to hire and maintain staff.

Let me know if you have any additional questions!

Jennifer

Here is a breakdown of the Head Start/Early Head Start enrollment by grantee. I don't have the information for the tribal grantees.

Thanks,
